RUSSIA FACING A SERIOUS SITUATION

Insurrection Worst Than Has Occurred Since 1821.

CRISIS EXPECTED IN FEW DAYS

Authorities May Be Able to Stamp Out Revolt—On the Other Hand the Trouble May Spread Beyond Control—Troops Arrive at Odessa.

St. Petersburg, July 1.—Not since the unsuccessful insurrection in December, 1821, when a portion of the Guard regiments joined in an attempt to set up a republic in Russia has the situation of the autocracy and the Romanoff dynasty been so serious.

Nevertheless, the crisis may be passed in a few days. Either the open revolt will by that time be stamped out or the flames will have spread possibly beyond the hope of control. At the admiralty it is said that Rear Admiral Kruger's squadron is expected to arrive at Odessa during the day. No explanation is offered for the delay of the squadron's sailing from Sevastopol nor of the nature of Kruger's orders. It is admitted, although, a great reticence is manifested that at 5 o'clock last night Kniaz Potemkine was firing on the city.

The admiralty thinks the mutinous crew were probably drunk. The officials consider it possible that the crew were supporting the strikers and revolutionists ashore against the troops. Throughout the day the soldiers and police had evidently refrained from attempting to interfere with the strikers under the threats of the mutineers of the warship to use her guns against them. Although it is possible the acquiescence of the soldiers was due to fear, the authorities think they are unreliable and a regiment of dragoons and a brigade of artillery nave been sent to Odessa from Kherson.

The troops arrived at Odessa this morning.

Mutineers Surrounded by Soldiers.

Libau, July 1.—About 4,000 mutineers (sailors) are surrounded in a small wood near the port by the infantry reinforced by machine guns. One thousand of the mutineers already have surrendered and given up their arms.

The mutiny started Wednesday night when the sailors of the first equipage, as the naval units are known in Russia, revolted because the food was bad. They were joined immediately by the sixth, ninth, thirteenth and fifteenth equipages—5,000 blue jackets in all.

The guard at first tried to oppose them, killing one and wounding seven, but the sailors got the upper hand. They seized the guard house, broke open stores, securing arms and ammunition. Pandemonium followed throughout the night. Mutineers wrecked the barracks, and fired volleys at random until morning. The city was terrorized, when troops and artillery arrived Wednesday morning.

All entrances to the city were closed and gradually the sailors were driven to the wood which they since hold. Much of the firing, mingled with the humming of machine guns, has been heard, but as every one is forced by the police to keep off the streets and away from the port some distance below town, nothing is definitely known except that 1,000 mutineers have surrendered.

The revolutionary agents have seized the opportunity to distribute proclamations from house to house.

Five Hundred Rioters Killed.

Washington, July 1.—A dispatch received at the state department over night from Consul Henan at Odessa says:

Six officers of the Potemkine killed; eight liberated; remainder prisoners, the fleet has not arrived at Odessa. Harbor largely destroyed by fire. Fifty rioters killed and many Russian steamers burned.

Another dispatch from the same source, timed Odessa, 6:13 p. m., says:

from Ambassador Meyer at St. Petersburg, which says:

Information from Odessa that 500 rioters have been killed. The harbor largely destroyed by fire and a battleship firing on the town. Fleet not arrived.

8,000 Sailors Strike.

St. Petersburg, June 30.—3.25 p. m.—A sensational report is current that eight thousand imperial sailors together with the workmen at the yards and docks of the naval port of Cronstadt have suddenly refused to work and that practically a state of mutiny exists there.

12,000 People Attack Patrols.

Berlin, July 1.—A dispatch to the Tageblatt from Odessa, timed 3:52 p. m. today, says:

"Mobs estimated to number 12,000 persons, attacked the patrols of troops in the streets yesterday and the fighting continued into the night. Several hundred persons were killed or wounded. The hospitals are crowded with wounded.

The petroleum reservoirs were set on fire and exploded. All traffic in the streets is stopped.

LEGISLATURE AT WORK.

Many New Bills Introduced in House Governor's Message.

Atlanta, July 1.—The 1905 session of the Georgia legislature swung into a big stride in the house. Important bills came tumbling over each other onto the clerk's desk and all signs point to one of the liveliest sessions in years.

Hon. Joe Hill Hall, of Bibb, came forward with his anti-free pass bill. Dr. T. J. M. Kelly, of Glascock, had his Australian ballot bill in his pocket and sent it briskly up to the clerk's desk. Captain Conner, of Bartow, who thinks the Western and Atlantic railroad should be sold and the proceeds devoted to pay debts and found a system of state high schools, introduced a bill to that effect.

Hon. Madison Bell, of Fulton, introducey his child labor bill, and Hon. B. R. Blackburn introduced his militia district patrol bill, which went down in defeat at the hands of the last house.

The new county campaign was given a brisk start by the introduction of three new county bills: The Tift county bill, by Mr. Knight, of Berrien; the Crisp county bill, by Mr. Hill, of Dooley, and the Brantley county bill, by Mr. Dougherty, of Clinch.

Governor Terrell's Message.

Able, direct, forceful and thoughtful was the message of Governor Terrell which was submitted to the senate of Georgia. It was heard with interest by the members and it was evident that it contained some surprises for them.

A plea for the equalization of the taxes of the state was made by Governor Terrell. He opened his message with this subject and exhausted the topic before he finished writing of it.

Governor Terrell recomends, that there be created county boards of tax assessors and a state board of control for corporation taxes.

The governor deals at length with the subject of education. He recommends that there be established at last one agricultural school in each congressional district to be maintained by the net fees arising from the inspection of commercial fertilizers.

The election laws of Georgia are given attention in the message. The governor recommends that the Australian ballot system be inaugurated, as was demanded by the last state convention.

Governor Terrell recommends that immigration to Georgia be encouraged, that all state confederate flags be sent to the capitol for preservation and concludes his message with a review of the conditions that exist in the institutions maintained by the state.

John D. Gives $10,000,000.

New York, July 1.—At a meeting of the general education board held today in this city a gift of $10,000,000 was announced from John D. Rockefeller. The fund is to be an endowment for higher education in the United

Squadron Ready to Receive Body of Paul Jones.

IS GIVEN A ROYAL RECEPTION

Rear Admiral Sigsbee, with His Fleet, Arrives at Cherbourg—Town and Harbor Gaily Decorated in Honor of Occasion—Loubet to Entertain.

Cherbourg, July 1.—The American squadron commanded by Rear Admiral Sigsbee, consisting of the armored cruiser Brooklyn (flagship) and the protected cruisers Chattanooga, Tacoma and Galveston, which is to convey the body of John Paul Jones to the United States, arrived here at 9 this morning and was greeted with the roar of guns from the land forts and the warships and the dipping of the flags on board all the vessels in the harbor.

A thick mist hung over the sea and prevented the semaphores from registering the approach of the American ships until they were near the outer harbor. The squadron presented a handsome appearance as it approached, with the Brooklyn leading the line.

The batteries at the arsenal fired a welcoming salute of 21 guns to which the four American vessels answered gun for gun.

The squadron anchored in the inner harbor at a point designated by Admiral Besson, commander of the port.

The aspect of the harbor was strikingly beautiful as the sun came out and the many merchantmen, steam yachts and other pleasure craft in these waters strung out their full complement of colors in which the American flag predominated.

The Brooklyn was soon the center of a flotilla of small craft, while the quays were quickly lined with people and the houses fronting the harbor were made bright with bunting, including many American flags.

Much regret was felt at the fact that the division of the French northern squadron assigned to participate in the ceremonies for the transfer of the American admiral's body to the Brooklyn next week did not arrive here in time to participate in the welcome to the American ships.

Admiral Sigsbee, acompanied by the commanders of th efour American ships landed and proceeded to the maritime prefecture where he called on Admiral Bessen and the latter accompanied by his staff, returned the visit on board the Brooklyn, the ships firing an admiral's salute.

The French division, including the battleships Bouvins, Henri IV and the Trehouart is expected here hourly.

Will Entertain Americans.

Paris, July 1.—The council of ministers went over the Franco-German negotiations today and a communication was issued saying that they are satisfactorily progressing toward an agreement.

The council also arranged plans for participation in ceremonies attending the removal of the body of Admiral John Paul Jones, from Paris to Cherbourg. President Loubet will receive Assistant Secretary of State Loomis and Rear Admiral Sigsbee, the evening of July 5, and M. Loubet, Premier Rouvier will also give a luncheon during the visit of the Americans to the city of Paris.

Captain Hank Haff Seriously Ill.

New York, July 1.—Captain Hank Haff, the famous yachting skipper and his wife, are seriously ill at their home in Islip, L. I. Captain Haff began his yachting career in 1867 and commanded the victorious American yacht during three attempts by the English to lift the American cup.

Collision on Santa Fe.

Kansas City, July 1.—An Atchison Topeko and Santa Fe Limited passenger train, bound for Chicago, collides with a train on the belt line railway at Troost avenue, 2 miles from the center of the city today. Three persons were killed and three injured.

CHINA BOYCOTT NOT SERIOUS.

So Declares the Diplomatic Advisor to the Viceroy of North China.

Detroit, Mich., July 1.—Charles Denby, diplomatic adviser to the viceroy of North Carolina who was visiting relatives here, does not take a serious view of Chinese threats to boycott American goods owing to the Chinese exclusion act. Mr. Denby, who has for 20 years been in close touch with political and commercial affairs in China said:

The Chinese government is not back of this agitation, and it is not supported by the merchants. It is probably that Chinese students are making the trouble. The students of China, like those of Russia, are a factor in politics, young hot-headed fellows, educated abroad, and with reform ideas.

China is satisfied with the present exclusion laws. I believe that if we repealed those laws China would pass an act forbidding the coolies to come to this country. The government has a contract with the big mine owners in South Africa to supply them with the labor. The government gets the royalty on all labor furnished, and cannot get men enough. It has recruiting agents all over China now. The Chinese do not want their laborers to come to America. All China wants is a fair, just administration of the laws that students and merchants be allowed to come in undisturbed and no discriminations.

MAIL WAGON DRIVERS TO STRIKE

New York Likely to See Trouble Along This Line.

New York, July 1.—A strike of mail wagon drivers, which has been hanging fire here for some days, now appears likely to occur at midnight tonight. More pay and shorter hours are demanded by the drivers, but the new contractor who has just secured the job, declares he cannot meet the men's threat.

For the last ten years the mails have been transported from the post-office and the sub-stations to the ferries and depots by the New York Mail company. Now the contract has been awarded to C. H. Wolcott, who takes charge of the business at 12 o'clock tonight.

Postmaster Wilcox declares that should the drivers quit they will not be permitted to interfere with the service and arrangements already have been made by the United States marshal to protect the mails.

Co-operation by the police of Manhattan, Brooklyn and Jersey City has been obtained by the marshal.

Object to Advance in Rates.

New York, July 1.—Fifty-two of the Pioneer Royal Arcanum councils in Manhattan and the Bronx have been represented at a meeting to protest against the recent advance in rates. Resolutions were adopted looking to a reconsideration by the supreme council of the recent changes in assessment rates and declaring confidence in the stability of the order. It was unanimously decided to request that an immediate session of the grand lodge of the state be held to take up the matter.

New Engineer Appointed.

Washington, Juuly 1.—It is understood that John E. Stevens, of Chicago, formerly fourth vice president of the Chicago, Rock Island and Pacific railway has been selected as chief engineer of the Panama canal commission to succeed John F. Wallace. Mr. Stevens' salary wil be $30,000 per year and he is not to be a member of the Isthmian canal commission. His proposed trip to the Philippines with Secretary Taft as a government railway expert has been abandoned.

Temporary Receiver Appointed.

New York, July 1.—A temporary receiver has been appointed for the Castle Braid company, with a large factory in Brooklyn and doing business in this city. This action followed application by some of the directors for the voluntary dissolution of the corporation. It is stated that the liabilities are $430,000 and assets about $942,709.

BOARD OF CONTROL IS NOW ORGANIZED

N. P. Bryan Elected Chairman, J. G. Kellum Secretary.

WILL VISIT HERE SATURDAY

Cities of the Various Schools of the State to be Visited and Advantages Weighed—Joint Session Board of Control and Educational Board.

From Friday's Daily Sun.

Members of the Educational Board of Control assembled in the board room in the Capitol building, Tallahassee, at 10 o'clock Wednesday morning, and elected Hon. N. P. Bryan of Jacksonville chairman of the board.

Prof. J. G. Kellum of Gainesville, former chief clerk of the House of Representatives, was elected secretary to the board.

The Board of Control then met in joint session with members of the State Board of Education, and considerable work was mapped out.

Delegations from Lake City and Gainesville were ready to appear before the two boards, but a program was mapped out, deferring the hearing of arguments of the consideration of petitions at the present time.

When the boards adjourned the following was promulgated:

Tallahassee, Fla., on this, the 28th day of June, 1905, the Governor of the State of Florida, having been notified of the organization of the Board of Control and State Board of Education to be held in the executive office.

Those present were as follows:

Constituting the Board of Control—N. P. Bryan, chairman; P. K. Yonge, Nathaniel Adams, T. B. King, A. L. Brown.

Constituting the State Board of Education—N. B. Broward, Governor; W. V. Knott, State Treasurer; W. M. Holloway, State Superintendent; H. Clay Crawford, Secretary of State; W. H. Ellis, Attorney-General.

The joint session organized by the election of Governor Broward as chairman and Miss Mattie Vinson as temporary secretary. Thereupon the chairman, Governor N. B. Broward, stated the object of the meeting to be the determination of the place of location of University of the State of Florida and the Florida Female College, and to prescribe the rules and regulations for the conduct and governance of the same, and the proper management thereof, as well as of the other institutions, to-wit: The Colored Normal School and the Institute for the Blind, Deaf and Dumb, and to determine as to any change as to location of either of said mentioned institutions that may be necessary or required, and to do every other matter or thing that may appear to be necessary and requisite to carry into effect the provisions of the law.

Upon motion it was resolved that the boards shall visit the several locations before selecting the site for the University; that the boards visit the school for the blind, deaf and dumb at St. Augustine, Fla., on Friday, June 30; Gainesville, Fla., on Saturday, July 1; Lake City, Fla., on Monday, July 3, assembling at Tallahassee in the executive office at 10 o'clock Thursday morning, July 6, 1905.

Mr. Ellis read section 21 of the Buckman bill, the law under which we are operating. The following resolution was adopted:

"Be it resolved by the State Board of Education and the Board of Control in joint session: That a summer school for colored teachers be, and the same is hereby established at the Florida State Normal and Industrial School, located at Tallahassee, Fla. The following named persons shall constitute the faculty of said summer school: J. A. Ormand, principal; J. H. Coffee and O. M. Tillman. That said school shall be opened on the 10th day of July."

There being no further business, the joint session of the Board of Control and the State Board of Education adjourned until Thursday of next week, the 6th day of July, at 10 o'clock.

N. B. BROWARD,
Governor, Chairman of Joint Session Board of Control and State Board of Education.
MISS MATTIE VINSON,
Temporary Secretary.

BIG TIME AT WILLISTON.

People of That Section Indulged in Picnic and Had Fine Time.

Eve, July 1.—The people of Williston and vicinity participated in a grand picnic at that place Thursday, when one of the largest crowds for several years turned out. The picnic was given for the benefit of the Baptist church, and in the sale of refreshments about $55 was realized.

The dinner was beyond description, embracing everything imaginable good to eat, which had been prepared by the ladies of the community in a style which appealed to the hungry picnickers as a fine, juicy watermelon appeals to the appetite of the average darkey—and that is saying a great deal. There was an abundance of everything and those who had the pleasure of partaking of the edibles are under lasting obligations to the ladies.

After dinner the picnickers assembled at the baseball grounds, where they witnessed an exciting but one-sided game between the Williston and Blitchton teams. This contest was pulled off to decide the location of the new State University. The Blitchton boys represented Lake City, while Williston defended the rights of Gainesville.

It will be remembered that Blitchton was always the stronghold of Davis and Taliaferro, while Williston was almost solid for Broward and Stockton.

Williston was the successful contestant in this game, the score being twenty-seven to one—and the University question was settled so far as this section was concerned, for more than five hundred people signed a petition after the game, requesting the Governor and Board of Control to select Gainesville as the place.

It will be remembered that Levy county gave Broward a majority of about 270 over his opponent at the polls, and the voters of Levy claim that they are responsible for his election to the important and dignified office he now holds, and in requesting that distinguished gentleman and his colleagues, the Board of Control, to place the University at Gainesville, they feel that their petition should not be ignored.

The people of Levy county are very much interested over this university matter and are using every influence in favor of Gainesville.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. NEW DEVELOPMENT IN BRADFORD CASE

A Member of the Jury Must Answer to Charge of Perjury.

J. B. LEAPTROT UNDER ARREST

Solicitor Bryan Files Information in the Case—The Prisoner Well Known Duval County Farmer—Leaptrot Will Have a Speedy Hearing in the Case.

Jacksonville, Fla., June 30.—Another sensation in the case of Jake Bradford, the negro charged with the murder of John Plummer of this county, has developed.

County Solicitor W. J. Bryan has filed an indictment against J. B. Leaptrot, one of the jurymen in the case, charging him with perjury. It is stated that he said, before he was placed on the jury, that he would hang Bradford if he got on it, and then took the oath that qualified him to set on the case.

Leaptrot is a farmer and resides about five miles from the city. He will be arraigned today or tomorrow.

CHOLERA INFANTUM.

Child Not Expected to Live from One Hour to Another, But Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by all druggists.

JUSTICE COLMAN'S COURT.

Riley Williams Arraigned For Carrying Concealed Weapons.

Riley Williams was arraigned in Justice Colman's court Thursday morning upon a charge of carrying concealed weapons and assessed to pay the usual fine of $100 and costs or spend three months in county prison. Not having the "wherewith" to gain his freedom he will take a few lessons in the turpentine industry at McDonald's camp.

Williams was arrested by Deputy Sheriff L. E. Story at Windsor.

The case of the State vs Chas. Braddock was called, but continued on account of the absence of witnesses for the defendant. The case will be again called on Thursday of the coming week.

The Boss Worm Medicine.

H. P. Kumpe, druggist, Leighton, Ala., writes: "One of my customers had a child which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson.

Judge Mason's Court.

His Honor Judge H. G. Mason was a busy official Thursday. The case of Pickett vs. D. J. Richbourg, replevin of a horse, came up for hearing. On account of the absence of witnesses, the case was continued until July 13. Attorney Christopher Matheson appeared for the plaintiff, while Attorney B. A. Thrasher represented the defendant.

In the case of T. R. Pickett & Sons vs. W. M. Davidson, removal of tenant, motion for a new trial was argued, at the conclusion of which the motion was denied. Attorney J. M. Rivers represented the plaintiffs, while Attorney Thrasher argued for the defendant.

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." CARPENTERS' UNION EXTENDS THE TIME

Nine-Hour Resolution Will Not Go Into Effect Until August 1.

RESOLUTION RECONSIDERED

Original Order Was to Begin the Nine-Hour System July 1, But Carpenters and Joiners Wanted to be Fair and Extended Time One Month.

The Carpenters' and Joiners' Union, which a few weeks ago passed a resolution providing for nine hours' work instead of ten, effective July 1, have reconsidered the resolution. The reconsideration does not mean that the carpenters and joiners have "backed down," by any means, but they are a fair set as a rule, and it was merely through a desire to give the contractors thirty days' additional notice that a reconsideration was had, when the same resolution was again taken up and unanimously passed, the only difference being an extension of time of notice, the resolution now providing that the rule shall go into effect August 1.

Want to be Fair.

"We are willing to be fair with the contractors," remarked a prominent member and officer of the union to The Sun man Thursday. "All we want is justice, and we are going to give the contractors plenty of time to consider the matter. We have given them ample notice, and on August 1 we propose to get what we request—nine hours' work, but no increased pay.

"If the contractors will stop to consider they will grant his request without reluctance. They will see that the workmen will be enabled to do as much work in nine hours as in ten, because of the fact that it will give them more rest and they will naturally prove more active. Another thing is that they will feel the contractor is their friend and not disposed to 'squeeze' them to death and they will work with a lighter heart and more enthusiasm. It's a lot easier to get a good day's work in nine hours out of the average laborer, if you treat him right, than to get the same amount of work in ten hours if he thinks he is being 'squeezed.'"

Contractor Whiting Acted.

Contractor Whiting did not wait for this resolution to go into effect, but has been working his men on a nine-hour basis for several weeks. Mr. Whiting seems well pleased with the change, as he is getting good service and declares that his work is being done in a more up-to-date and substantial manner than on the old scale.

The carpenters and joiners here are strongly organized. Both white and colored mechanics have strong unions. Of the white union there are twenty-four members, while the colored union has a membership of about forty, which includes every colored carpenter in the city. There are about twenty white carpenters who are not in the union, but they are sending in their names at every meeting. The chances are that by the time the resolution goes into effect ninety-five per cent of the mechanics of the city will be full-fledged union men.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected and it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Sent Up for Larceny.

Constable J. D. Siford of Newberry was in the city Thursday. He brought J. Carter, colored, who was convicted in Justice Henderson's court at Newberry upon a charge of larceny and sentenced to a term of three months in the county gang.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

COMPLIMENT TO SMITH.

National Photographers' Organ Gives Space to His Productions.

The Sun has always told its readers that in the person of James F. Smith the people of Gainesville and this section had one of the best photographers and artists in the South, and this statement has been verified by The Photographer, a publication of New York, which is one of the leading journals of the world in photography.

In a recent issue of The Photographer some of the work of Mr. Smith was illustrated in half-tone reproduction. Among these was the picture of Master John, the little son of Mr. and Mrs. John Chesnut. In commenting upon this work the editor of The Photographer states that it is perfect in every way and a credit to the maker.

This is indeed a compliment not only to Mr. Smith but to Gainesville as well, as specimens are collected from every State in the Union, and only the most perfect are used in illustrating.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars' outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.

HAVE BOUGHT A FARM.

Manners & Nelson Will Engage in Modern Trucking at Williston.

J. H. Manners of this city and Henry Nelson of Williston have purchased a portion of what is known as the Newsome farm near Williston and will engage extensively in trucking on a modern and up-to-date scale.

The tract purchased comprised ninety acres, all cleared, and is exceptionally fertile. The soil is particularly adapted to the growing of cucumbers, although truck of all kinds grow well.

This firm proposes to begin at once making improvements on the property and by early fall will have the tract planted. The first move will be the installation of a fine system of both surface and sub-irrigation. Mr. Manners states that the plant will be the finest that can be secured.

Mr. Nelson, who is a trucker of long experience, will be superintendent of the farm and great things are expected of this venture.

A ROMANTIC MARRIAGE

Will Transpire in Tampa, When Mr. Callahan Will Wed Miss Smith.

Orville Callahan of Tampa came up last week after Miss Lizzie Smith, a sweet little Levy county girl, the daughter of Mr. and Mrs. H. M. Smith.

The romantic part of the affair is that Mr. Callahan and Miss Smith will be married in Tampa on July 4, furnishing the chief attraction at a big celebration by the Eagles, of which Mr. Callahan is a member. The Eagles offered $250 in cash and complete house furnishings to any member who would arrange a wedding for the occasion, and Mr. Callahan found a pretty bride in Miss Smith. Congratulations will be in order.—Levy Times-Democrat.

The Diamond Cure.

The latest news from Paris is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee of Vanleer, Tenn. "I had a cough for fourteen years. Nothing helped me until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled cure for throat and lung troubles. At all drug stores; price 50c and $1, guaranteed. Trial bottle free.

Ragtime Revenge.

Lydia Jackson, she got mad with Parson Drake—this tale is sad. With a big old ugly butcher knife Lydia tried to end the parson's life. But Parson Drake was "Johnny Wise," and said he'd blacken Lydia's eyes—which he no doubt would have done with vim if Lydia had kept on pesterin' him.

Then Marshal Pinkoson joined the band and upon Miss Jackson laid his hand. "You come with me," remarked the cop; "this trouble now has got to stop."

Before the mayor this woman went, and $10 and cost was what she spent to straighten matters out once more—but Parson Drake still feels quite sore against the woman with the butcher knife who, in her madness, would take his life.

That's all.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

BOARD OF CONTROL MADE EXAMINATION

Were Entertained Royally by People of Gainesville.

RECEPTION AT DORMITORY

The Affair Was Informal, but Was a Most Enjoyable Function, During Which Everyone Felt Easy and at Home—Board Leaves Today.

The members of the State Board of Education and the Board of Control have visited Gainesville in accordance with the program, have inspected the grounds proposed for the new State University, and the people shall wait with a great deal of anxiety their decision in the matter of making a selection for that institution.

The combined board comprises His Excellency Governor N. B. Broward, W. M. Holloway, State Superintendent; W. V. Knott, State Treasurer; W. H. Ellis, Attorney-General; H. Clay Crawford, Secretary of State; N. P. Bryan, P. K. Yonge, N. Adams, T. B. King and A. L. Brown.

The board was escorted about the city by the citizens' committee, during which time the East Florida Seminary barracks and other buildings, and the sites for the proposed new buildings, were visited and inspected. The board expressed themselves as being well pleased with what they saw, but naturally would not commit themselves.

While the distinguished visitors were being driven about the city they were intercepted and followed by about two hundred children, some in carriages, some on bicycles and others walking; each wearing the college colors—orange and black. One lad carried a banner at the head of the procession which contained the following:

"We are going to be University boys. We want to wear the orange and black. Can't we?"

This demonstration seemed to impress the board, who seemed to thoroughly enjoy and appreciate the enthusiasm of the young Americans.

The Reception.

In the evening an informal reception was tendered the board at the girl's dormitory, East Main street N., which was largely attended, a great many having taken advantage of the opportunity to meet the distinguished guests. The building was appropriately decorated in the colors of the Seminary and in floral designs, which made the same quite attractive. A committee of ladies and gentlemen received the callers and introduced the guests, and the evening was passed in a most enjoyable manner. There were several musical numbers, and during the evening delicious punch and wafers were served.

The Dynamo of the American People

We are a race of workers.

Work requires brain, nerve, energy.

We glory in achievement.

To work and work with might and main, good food is absolutely essential.

Although nearly every one eats soda crackers sometime, yet there are a few people who do not consider their true value as an article of daily food. But it is now a recognized and established fact that the soda cracker contains the most tissue, fat and muscle forming elements of any article of food made from flour.

Great as is the value of the common soda cracker, yet it is small in comparison to **Uneeda Biscuit**—the most wonderful soda cracker ever baked, and of which nearly 400,000,000 packages have been sold.

Uneeda Biscuit, the food of power, transmitting as they do the elements so vital to our well-being, may in very truth be called "The Dynamo of the American People."

MASONIC PICNIC.

Fine Time for All Who Attended and a Big Feast.

Bell, June 24.—The Masonic picnic which had been previously advertised in mystic tie to do honor to and to perpetuate the sacred memory of our long-depated friend and brother, John the Baptist.

After the exercises at the Hall the Brotherhood marched to the old Gassett homestead, where the lovely umbrella china and other shade trees meted out their palms of coolness. There, anxiously waiting, rested a collection of 700 people to witness the grand occasion.

Rev. Lewis Thomas, who was speaker of the day, in substance said:

"The ceaseless wheels of time have reeled off more than 1,900 years since John the Baptist's consecrated head fell beneath the ruthless axe of the tyrant, Herod, as a ghastly trophy to the diabolic revenge of the adulteress, Herodious, and yet the world honors and reverences him still and will continue to honor him

"'Till heaven's last thunder
Shall boom the dirge of time.'

"Who was this John the Baptist? Son of Zacharia and Elizabeth. It was he of whom the Prophets had written: 'Behold, I send my messenger before thy face, which shall prepare the way before thee.'

"Thus hundreds of years before his birth proclaiming him as the foreordained forerunner and herald of Christ.

"The man whom Christ himself declared: 'Verily, I say unto you: Among them born of woman, there is not risen a greater than John the Baptist.' be, 'tis certain that he was a forerunner and herald of Christ, delegated by God to prepare the hearts and minds of benighted man to receive the true [illegible] spoken from the lips of His Son, the true Christ. And so was Masonry of divine origin as a medium by which the hearts of men could be softened to fit a reception of the true Word, and it, too, was a forerunner of the coming Christ. When Hiram, king of Tyra, was ordained to build the house for the Lord, and in this respect Masonry and the memory of John the Baptist are inseparably connected, both having the same mission on earth—to prepare men's minds for the reception of the true Messiah—back in the benighted ages, anterior to the coming of the Saviour, men's minds were filled with mystery and superstition, and were prone to follow after false gods, and the whole of mankind went mystery-mad, and could do nothing except through secret societies, that were wrapped in mysterious rites and ceremonies. Hence the world was flooded with secret societies.

"The Allwise God saw that the easiest and most acceptable avenue of reproach to the hearts and minds of His few followers and believers was to organize lodges to teach morality and brotherly love under the name of Masonry.

"'But,' says the carping critic, 'I do not understand that Masonry is a religion. How, then, can it be said that it is of divine origin?' Yes, 'tis true Masonry is not a religion, but its teaching is a twin sister of religion. It inculcates and urges upon the hearts and consciences of man a code of morals so truly divine as to make of Him Who observes and keeps them more than half of a Christian.

"To whom does Masonry promise its benefits and blessings? To those only who humble themselves to a proper condition to receive—to those who benefits and blessings of Christianity? To those who humble themselves as suppliants at the footstool of His sovereign mercy."

At twelve o'clock the committee announced that the refreshments were ready. The delicacies the good ladies had prepared were numerous and inviting, besides the nice barbecued meats that had been donated for the occasion by the Brotherhood.

It was unanimously agreed that it was the largest collection of people, the most orderly and enjoyable occasion ever witnessed in these parts.

ROCHELLE HAS A DISASTROUS FIRE

Store and Contents of W. E. Veal and Postoffice Burned.

LOSS WAS ABOUT $6,000

Fire Was Discovered About 1:30 in the Morning. Too Late to Extinguish Flames—Serious Loss to Man Who Worked Faithfully.

Information reached this city Saturday morning of a disastrous fire which occurred early Saturday morning at Rochelle, involving the loss of the store and stock of goods of W. E. Veal, who purchased the interests of James Holder a few months ago. The postoffice which was also in the store, and all the postoffice property, together with the mail, was destroyed by the flames.

The fire was discovered about 1:30 Saturday morning, but too late to save the property, as the fire protection at that point is very inadequate. It is understood that the loss was about $6,000, with small insurance.

Mr. Veal, the proprietor, came to Rochelle from Dunnellon, when he purchased this general mercantile business. He is an energetic, hard-working man, and by strict attention to business has worked up a fine trade. This misfortune was a severe blow to him, just at a time when he was beginning to reap a harvest from his efforts.

Death of Miss Scott.

The Gatling gun revolver is getting in its work every day in this State, and the latest and most daring desperado is the negro at Chipley who shot the officer at the jail and thus escaped. He had been looked up for some time and it is quite certain that some one who had visited the prisoner had given him the revolver. It would seem that it would be a good plan to cut the little sentimental receptions accorded there criminals while in jail.

THE NEW PLANET.

"It is almost as inconceivable that the United States should remain in that ideal isolation as that some vast planet suddenly introduced into the system should not have its perturbing influence on other planets."

These words, spoken by Premier Balfour at the dinner to Ambassador Reid, present a striking but truthful picture of the position of the United States in the world, says The Wall Street Journal. We are a new planet suddenly appearing in the firmament of international politics and commerce. It is not surprising that our appearance has caused a commotion among the other "planets," and that many telescopes are directed toward us and many political astronomers are endeavoring to discover what we are made of and what our exact orbit is.

The truth of what Mr. Balfour says cannot be disputed, and yet his words are calculated to provoke discussion. The fact is that we are almost as startled by our growth into one of the world "planets" or powers as the people of Europe are. This introduces as difficult a problem for us as it does for England, Germany or France.

The international policy of the United States has been isolation. We have left other nations to do as they pleased, and have attended strictly to our own affairs. But whether we like it or not, we are forced to abandon that policy. We have been obliged to take our place in "the solar system" of world politics as a planet of the first magnitude. Already we have confessed our new relations to the world in signal ways. The last and most notable exercise of our enlarged influence was President Roosevelt's intervention between Russia and Japan for peace.

Mr. Balfour's words are interpreted as a bid for an Anglo-American alliance. Is it necessary that we should go into anything of that kind? Cannot the United States the better promote her own interests and those of the whole world by a policy of absolute impartiality toward all nations, treating all alike? We do not need an alliance for our protection. This question may soon become a vital one, for in the policing of the Pacific we may be asked "to take sides."

FOR A CITY BEAUTIFUL.

The mayor of Denver, Col., took a step in the right direction when he issued a proclamation naming a "clean-up-day," upon which he asked the people to give heed to the following:

"If your store front, residence or fence is dull or dingy, order it painted.

"If your awning is old, torn or faded, get a new one.

If your sidewalk, fence or gate needs repairing, fix it.

"Destroy the young weeds that are starting on your property and on your neighbor's property.

"If your advertising sign is old or faded, take it down or paint it.

"Resolve never to throw paper in the streets.

"Take all dandelions out of your lawn—they spoil its beauty.

"Burn all the rubbish possible—allow no one to throw it on the streets, alleys or vacant lots.

"Promise not to spit on the sidewalk.

"Organize a block improvement society, and allow no weeds to grow on sidewalk, area or vacant property in your block.

"Ask your milkman, groceryman and expressman to have their wagons painted.

"Irrespective of the size of your house, make your lawn the finest.

"Illuminate the front of your store in the business section.

"Every effort put forth or dollar spent to improve our city's appearance will be returned two fold."

These suggestions for beautifying the city of Denver apply with equal force to any city in the country and if consistently followed would result in much benefit from every standpoint. It would not injure any city to take into consideration many of them if not all. By doing these things the city of Gainesville can be made as handsome as any in the South.

IN ALL FAIRNESS.

In all of the work the people of Gainesville have done to induce the location of the State University in this city, there has been no false statements made nor any attempt to injure the character of any person or say aught against any city that may be in the race. Much, however, has been said by others which has not been repeated by the press of Gainesville—The Sun in particular, at least. It was not deemed necessary by The Sun to tra-

duce our neighbors to build up our own town. The past record of Gainesville will show her standing on educational matters. In regard to the moral sentiment of our city, the records will show how she has advanced along this line.

There has been an effort made to maintain her standing throughout the State, and the work has shown what the people of Florida think of us. The following shows the sentiment of one of the best papers in the State, the expression of the editor and the message of two of our business men in acknowledgement:

"In The Star of two weeks ago today we published an editorial endorsement of Gainesville as the most suitable site for the new State University. Following the publication of that article we received a telegram from Mayor W. R. Thomas and Mr. W. G. Robinson, president of the Board of Trade of that city, worded as follows: 'We note with great satisfaction your kind words for Gainesville. In behalf of her citizens we thank you heartily.'—The Florida Star, Titusville.

The Sun desires to thank all others, on behalf of the people of Gainesville, for the many kind words. We assure all that our fair city will in the future prove herself worthy of every word, whether the University is located here or elsewhere.

DEEP PLOWING.

We can remember when there was a very general belief among farmers at the North that deep plowing injured the soil. This mistaken idea has gradually given way under the persistent pressure of those who have found by experiment and personal experience that deep plowing not only did not injure the soil but was a positive benefit.

The same mistaken idea still prevails largely throughout the South and especially in Florida. We call it a mistaken idea because there is abundant proof that crops improve under a system of deep plowing, gradually increasing the depth each year one or two inches at a time.

We do not advise anyone to go into a field and turn the good top soil down into the bottom of a deep furrow and turn up several inches of pure white sand or hard, stiff clay on top of it. But one or two inches may be added each time the land is plowed. The deeper the good upper soil is the faster it may be deepened. Where an effort is being made to deepen the soil the supply of humus should be increased as rapidly as possible by plowing under vegetable matter.

Still clay soils can be profitably deepened, but the process must be much slower than on a light sandy soil. It is much easier and cheaper, as a rule, to add to your farm by deepening the soil than by buying more land.—Florida Agriculturist.

Mr. S. H. Wienges of Gainesville, clerk of the circuit court of Alachua, who is making a tour of the East Coast of Florida in the interest of Gainesville as the proper place for the location of one of the State colleges, says that he has secured signatures of every county official in both Volusia and Brevard counties excepting two; also the endorsements of a great many of the most prominent residents along the Coast. Mr. Wienges is much pleased with the sentiment, which he finds almost unanimous in favor of Gainesville as the point at which one of the State colleges should be located.—Florida Star.

FAVORS GAINESVILLE.

There is a regular strife as to where the State University for males shall be located. Lake City wants it bad, so does Gainesville. We are in favor of Gainesville.—Sarasota Times.

Mr. J. Hampton Jones of Oviedo, in writing a letter to The Bradford County Telegraph, has the following: "The people through this section of the country stand very nearly as a unit in favor of Gainesville in the contest for the location of the State University."

The Board of Control appointed by the Governor are all men who have thus far kept out of politics. This is a good thing. The locations of the schools, appointment of teachers, etc., should have no politics in it. The business entrusted to these men is too important to be injured by any kind of political influence. We believe that if the selection of the site for the University should be left to the vote of the whole people Gainesville would be the lucky place, and in our opinion no mistake would be made in choosing that healthful, moral and prosperous city. It is admirably located for, and specially suited to an institution of this kind. However, if Lake City, or some other place, gets it, we hope that the welfare of the school will not suffer from envy or jealousy on the part of any other place. Let the contest be friendly and never lose sight of the fact the men who have the deciding power are men who will each of them vote according to the dictates of his best judgment. They are men competent to judge and they will without doubt do what appears to them best for all with all the lights before them.—Sumter County Times.

Again has Columbia Post No. 7, G. A. R., of Chicago, paid tribute to Gen. Stephen D. Lee of Vicksburg, Miss., commander of the Confederate Veterans of the South, with a camp fire. All the Confederate organizations of the city joined in the event. The feature of the bivouac was the appeal by this gallant Southern soldier for the return of the tattered flags and banners that adorn the G. A. R. trophy rooms to the men from whom they were won during the struggle of the sixties. In regard to the recent action of Congress in providing for the return of the flags now in the war office at Washington to the Confederate soldiers, Gen. Lee said: "I am glad the wound has healed so that the flags can be returned before those who loved them and bled for them are all under the sod."

Ruhl will control the business end. The Sun wishes them abundant prosperity.

It is announced that sixty thousand laborers are wanted in South Carolina, and the tramps are going by way of other railways than the Carolina trunk lines.

MILL MEN WIN CASE.

The Interstate Sawmill Association, of which Georgia and Florida dealers are members, will be pleased to know that Judge Speer, of the United States Court for the Southern District of Georgia, has decided the rate case in favor of the association. In his decision Wednesday Judge Speer says:

"In this case the conclusions of the court as to the issues involved agree with the conclusions of the Interstate Commerce Commission, as expressed in their report.

"A decree enjoining all the respondents against further enforcement of the rates complained of will be at once entered.

"Order will be taken referring to the standing master the pleadings and evidence, with instructions to ascertain the sum total of the increased rate paid by each the complainants to either or all of the defendant companies since the rate went into effect, and to the end of this litigation, and report such amount so the court, in order that, pursuant to the stipulation made by the respondents in open court, that in case the complainants prevail decree of restitution shall be made.

"Because of the vast extent of the lumbermen's business and the great expense and inconvenience which might result to them and to the lumber trade and the railways from instantaneous enforcement of this action, it will be ordered further that the decree now granted shall not take effect until ten days from this date have elapsed, in order that the respondents, or either of them, if they so desire, may seek the usual supersedeas."

The Levy County Advocate comes to us this week as a five-column folio, and the change is a great improvement. The Advocate is quite newsy and deserves the patronage of the people of Williston and vicinity.

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Pears are now being shipped from Sorrento, Lake county.

Many orange growers of DeSoto county are selling their crop on the trees at $1.25 per box.

Jim Morgan makes the second negro in the Hamilton county jail charged with criminal assault.

S. M. Davis lost a turpentine still and contents by fire at Juliette last Wednesday. Loss $2,000.

From present indications the Mid-Winter Fair at Tampa will assume the proportions of a modern exposition.

Jasper would like to have an electric lighting plant and a steam laundry. Here is a chance for some man with money.

The Jasper people are justly proud of their Normal Institute, which is becoming a very popular institution of learning.

Dr. D. E. Saxton of Tampa, for failing to report a case of smallpox, has been bound over to the criminal court in the sum of $100.

The Plant City brick factory is all ready for business, as soon as the railroad completes the sidetrack to haul away the product.

John Davis, while riding in the woods near Gulf Hammock, killed a rattlesnake that measured 13 feet 7½ inches. It had 36 rattles and a button. It beat the record.

The Wilder brothers, who were held for the murder of Oscar A. Brannen at Plant City, have been discharged, but their bail still holds, pending the grand jury investigation.

As the result of an old feud existing between L. B. Shuler and S. D. Johnson of Bristol, the latter lies at the point of death from a pistol shot inflicted by Shuler.

Joe Peoples, the negro who cut Seth McCloud's throat at Orlando, April 15th last, has been lodged in jail there to await trial for assault. He was captured at Monticello.

Orlando has recently purchased some of the best road machinery to be had and has made a move in the right direction for good roads—they will build and not "talk" good roads.

Frank Crook is the suggestive name of a colored man who is in jail at Tampa, charged with stealing a trunk from the Coast Line depot, the contents of which were valued at $1,400.

The people of Miami have raised the sum of $1,500 to offer as a reward for the apprehension of the murderers of C. E. Davis and his daughter. The State will probably give $250.

Col. Zach Chamblise, says The Ocala Star, had 160 acres of melons, from which he shipped 77 cars, receiving for the first car $240, the prices then dropping until $65 was the lowest for a car, all spot cash on the track.

Wiley W. Lee of Oviedo, Orange county, committed suicide in his room in the Erickson Hotel, Jacksonville, on Johnson street, Tuesday afternoon. Lee swallowed a quarter of an ounce of morphine, and before he took the deadly drug he wrote three letters, showing that he had planned to take his own life. He leaves a wife and three children. Financial ruin the cause. There was a woman with him at the hotel.

J. W. Norvell, receiver of the First National Bank of Florida at Jacksonville for the past two years, has resigned and will go to the Far West as bank examiner. Ill health of his daughter has caused the determination of Mr. Norvell to go West.

The Mid-Winter Fair at Tampa has decided finally on the dates, which will be November 15th to 30th. The press agent is sending out a large amount of advertising, but some of the State papers claim they have no contract with him.

A petition containing two hundred more names than is required by law in such cases will be presented to the board of commissioners of Putnam county at its July meeting asking that an election be held to decide whether whiskey is to be sold in the county or not.

A very distressing drowning accident occurred in Pensacola Tuesday afternoon. Three children of Mr. and Mrs. Thomas Suarez were drowned in Bayou Chico, in the eastern portion of the city, while bathing. The oldest of the children was a girl of 14 years, the youngest six.

A. M. Watson, city marshal of Chipley, was shot and fatally wounded at six o'clock Wednesday evening by a negro known as Dock Peterson, who made his escape. Peterson was in the city jail charged with shooting a woman ten days ago. Watson went to the jail to give the negro his supper. When he opened the door the negro fired upon him with a revolver that someone had smuggled in to him, the ball taking effect in the neck near the collar bone. After shooting the marshal the negro stepped past his prostrate body and made his escape. He is being pursued.

IMPROVING PROPERTY.

Robert Albright Making Many Changes in Farm Recently Purchased.

Robert Albright, who recently purchased from August Wenske nine acres of land in New Gainesville for trucking purposes, went to work immediately to improve the property and is making nice headway. There is a neat four-room residence upon the place and temporarily Mr. Albright and his family are residing there. He has also purchased from Mr Wenske on Alachua avenue a desirable building lot and proposes as soon as the material can be secured to erect a handsome home.

Mr. Albright moved with his family from Terre Alta, W. Va., several weeks ago and are well pleased with Gainesville.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all sufferers from like afflictions." 25c, 50c and $1 bottle.

EXECUTOR'S NOTICE.

Letters testamentary having been on the 23d day of June, A. D. 1905, granted to the County Judge of Alachua county, Florida, to the undersigned as executor of the last will and testament of Robert H. Porter, deceased, late of said county, now therefore, under and by virtue of an order made and entered in the matter of the administration of the estate of said Robert H. Porter, deceased, by the county judge of said county of Alachua, on the 23d day of June, A. D. 1905, notice is hereby given to, and all creditors, legatees, distributees, and all persons having claims or demands against the estate of said Robert H. Porter, deceased, are hereby called upon to present the same to me at Jacksonville, Florida, within two (2) years from the date of this notice, the same being the date of the first publication thereof, the time required by law, or otherwise the same shall be forever afterward barred. All persons indebted to said estate are requested to make immediate settlement with undersigned.

Dated this 23d day of June, A. D. 1905.

THOS. V. PORTER, Executor of the Last Will and Testament of Robert H. Porter, deceased.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 8 OF CHAPTER 4555 LAWS OF FLORIDA.

Notice is hereby given that I, M. H. DePass, purchaser of [illegible] Tax certificate No. 380, dated the 5th day of June, A. D. 1905, have filed said certificate in my office, and have made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Alachua county, Florida, towit:

Lots 6, 7 & 8 Block 29, Town of Archer.

The said land being assessed at the date of the issuance of such certificate in the name of Florida Town Improvement Company.

Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 6th day of July, A. D. 1905.

Witness my official signature and seal this the 3rd day of June, A. D. 1905.

S. H. WIENGES, Clerk Circuit Court Alachua Co., Fla.

NOTICE OF ATTACHMENT.

In Justice of the Peace Court, Tenth District. Attachment.—W. C. Johnson, Plaintiff, vs. J. Harvey, Defendant.

To T. J. Harvey, defendant in above styled cause: You are hereby notified that a writ of attachment has been issued out of the said court in the above styled cause, and that your personal property has been attached pending an action for the recovery of ninety-six dollars on a claim of rent in said plaintiff in said cause. Now unless you appear before said court on or before the 7th day of August, A. D. 1905 judgment by default will be entered against you and your said property will be sold to satisfy the same and the costs of the proceedings.

This 17th day of June, 1905.

J. W. SMITH, Justice of the Peace, Tenth District.

W. C. JOHNSON, Plaintiff.

NOTICE.

Notice is hereby given that after this notice has been published according to law, for six months, I will present my accounts to Hon. R. G. Mason, county judge of Alachua county, Florida, and ask that my accounts be approved and ask for final discharge.

Rollins for best business course.

J. L. Shaw of Bellamy was trading in the city yesterday.

Monroe Kirby of Newberry was trading in the city yesterday.

Clarence Camp of Ocala was transacting business in this city yesterday.

George Main, the trucker of Rocky Point, was among the visitors to this city yesterday.

Deputy Sheriff J. B. Kennard of Waldo was in the city on official business yesterday.

Eugene Rosenburger of Kirkwood was among those who paid Gainesville a visit yesterday.

F. J. Hammond of Hawthorn, one of the leading business men of the East End, was in the city yesterday.

James H. Bodiford of Colquitt, Ga., after a pleasant visit to his son, Dr. J. S. Bodiford, has returned to his home.

T. J. McRae of Hawthorn has been appointed as enumerator for Alachua county to take the census of the State.

Lost—Stick pin with large gray stone and heavy gold band. Finder will be liberally rewarded by leaving at this office. d3w1

Mr. and Mrs. M. H. McClamroch and child have gone to Hendersonville, N. C., where they will recuperate for the next few weeks.

Mr. and Mrs. J. N. Vanlandingham and Mrs. Betsey Ponds of Monteocha were among the visitors to the county capital yesterday.

Mr. and Mrs. J. R. Emerson and son, Jesse, left yesterday for Tacoma and Kirkwood, where they will visit friends and relatives for a few days.

Mrs. Susan Rinert of Leesport, Pa., is the guest of Mr. C. D. Schafer of North Gainesville. Mrs. Rinert had not seen Mr. Schafer in about 42 years.

W. C. and George O. Dampier of Hague were trading in the city yesterday. They report the crop prospects good in their section with the exception of watermelons, which are not thriving so well.

Wade and Jesse Thomas, two progressive young farmers of the Monteocha section, were trading in the city yesterday. They report plenty of rain, with the result that the crop prospects are bright.

Mr. and Mrs. Nimrod Wells and Mrs. Rachel Wells of North Gainesville departed yesterday for Blue Ridge Springs, Va., where they will spend the remainder of the heated term. Friends wish them a pleasant sojourn, as will no doubt be the case.

The store of Sternberger & Phillips, contractors and dealers in paints, wall papers, etc., was closed yesterday, the firm having decided several days ago to close out the business. It is understood that Mr. Sternberger will resume business in Columbia, S. C.

Col. J. M. Rivers has returned from St. Augustine, where he attended a meeting of the board of trustees of the Deaf, Dumb and Blind Institute, of which he is a member. He was accompanied by Mrs. Rivers, who stopped over at Santa Fe for a few days on her return. She will be the guest of her father, W. M. Blitch, at Santa Fe.

Mr. and Mrs. L. H. Bennett expect to make their departure today for Lancaster and Darlington, S. C., where they will visit relatives for the next few weeks. This will be the first visit of Mr. Bennett to Lancaster, his old home in forty years, and it is needless to add that, although he may not recognize every person he meets upon the streets, the visit will prove most enjoyable.

B. F. Camp of White Springs, member of the firm of the R. J. & B. F. Camp Company, manufacturers of lumber, was registered at the Brown House yesterday. It will be remembered that the plant of this firm, which was one of the largest and most modern in the State, was destroyed by fire a few months ago. The plant has been rebuilt, however, and is now in fine running order. While the mill has not the capacity of the former plant, it is modern in every respect.

Mr. W. N. Wilson of Gainesville, a prominent merchant and citizen of that place, passed through Ocala yesterday to look at his fine orange grove on South Lake Weir. Mr. Wilson is an enthusiastic worker for the location of the new State University in his city, and justly so. He said the people of his city, who are a unit in the cause, are satisfied that only two places will be considered—Lake City and Gainesville—and if that is the case we know of no better location by environment and educational atmosphere than the Central City.—Ocala Evening Star.

Rollins Academy prepares for the college.

For Sale—Two or three good milch cows. Andrews' Dairy. wtf

Mrs. Mizelle of Melrose has returned to her home, after a pleasant visit with relatives here.

Miss Annie Cannon of Rocky Point made a brief visit to friends in this city yesterday.

Dr. and Mrs. H. Gattrell of Fairfield were among those who favored Gainesville with a visit Thursday.

Mrs. J. E. Wainwright has returned from Alachua, where she has been on a delightful visit to Mr. and Mrs. L. B. Powell.

Dr. W. C. Johnson of Micanopy, one of the leading citizens of that thriving town, was transacting business in this city yesterday.

Professor McIntosh of Rex, T. J. McRae of Hawthorn and O. G. Thigpin of Rochelle formed a trio of visitors to the county capital yesterday.

Truby Osteen of High Springs and E. H. Smith of Tioga were among the visitors to Gainesville yesterday. The former came to consult Dr. Alderman in regard to some dental work.

The Alachua County Abstract Company, incorporated, has an advertisement in The Sun. If you have any doubt as to the title of any lands you may have or contemplate buying they can set you right.

R. B. Weeks of Hawthorn, T. A. Doke of Santa Fe and W. J. Martin of Donnie were in the city yesterday. These gentlemen represent their respective sections as members of the school board, and came to attend the annual meeting of the board.

Among the visitors to this city yesterday was S. D. Thomas of Windsor. Notwithstanding that good rains have visited various sections recently, the farmers of Windsor are suffering, and crops are not so good as they would be with better irrigation.

J. H. Dye of Micanopy was in the city yesterday and renewed his subscription to The Sun. He was en route home from points on the Seaboard, where he has been in the interests of the Dixie Portrait Company of Chicago, for which he is general agent.

Prof. J. A. Ormand of Windsor was in the city yesterday. Prof. Ormand has been appointed principal of the colored normal school, which will convene at Tallahassee on the 10th inst. His assistants will be Profs. J. H. Coffee and O. M. Tillman. The fact that this entire faculty is appointed from Alachua county is quite a compliment to the ability of Alachua county teachers.

Notice to Water Takers.

The water rents for the quarter ending September 30th, 1905, will be due and payable to T. B. Ellis, collector of revenue, on or before July 10th, 1905. The rules regarding the cutting off of water and turning on the same will be rigidly enforced by recent order of the City Council, if not paid at the proper time. J. M. DELL, City Clerk.

For Sale—Two fine milch cows; young calves. Call on or address C. E. Melton, Micanopy, Fla.

W. A. Strickland of Paradise, one of the leading citizens of that section, was trading in the city yesterday.

E. B. and W. B. Lewis, progressive citizens of Alachua, were in the city yesterday and made The Sun an agreeable call.

R. S. Bradley and daughter, Miss Claude, of Wacahoota, were among those who favored the county capital with a visit yesterday.

Mrs. F. M. Prewitt and daughter, Louise, left yesterday for Jacksonville, where they will visit Mr. and Mrs. J. J. Williams for a few days.

When you want a pleasant laxative that is easy to take and certain to act, use Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

W. T. and C. B. Williams of Wade were transacting business in this city yesterday. They are connected with the Frankland Phosphate Company.

George Beck, Gadsden Jones, John Crown and S. G. Finney of Rocky Point formed a jolly quartette of visitors to the county capital yesterday.

Monroe Venable of Kanapaha, member of the firm of Venable and Swearingen, naval stores operators and manufacturers of lumber, was in the city on business yesterday.

D. E. Godwin of Fairbanks was in the city yesterday. Mr. Godwin has just returned from a trip through South Florida, and says that country is almost solid for Gainesville in the matter of locating the new University.

Sheriff Fennell and Assistant Tax Assessor Miller went yesterday a short distance from the city and participated in a fox chase. They succeeded in "jumping" and running down one fox, which gave them considerable exercise.

Mrs. W. R. Anderson and baby left yesterday for Georgia, where they will spend a few weeks with relatives. Mrs. Anderson has just recovered from a severe illness, and friends hope that the change will prove beneficial to her.

Hon. Walter G. Robinson, nephew H. P. Robinson, and niece, Miss Emily VanDeventer, departed yesterday for Providence, R. I., and other points in New England, where they will spend the next few weeks recuperating. Friends wish them a pleasant sojourn.

Truss Denby, who owns near this city one of the most prolific peach orchards in the county, yesterday presented the Board of Control with a crate of handsome fruit, assorted varieties, which was very fine. The board appreciated the gift very highly, some of the members declaring it to be the handsomest fruit they had seen this season.

Mr. and Mrs. W. S. Dorsey and children have returned from Hodgenville, Ky., where they have been on a visit to relatives for the past three weeks. They enjoyed the visit immensely, and everything went nicely with the exception of the little experience of a wreck on the Illinois Central, mention of which has already been made in The Sun.

L. J. Clyatt and son, Gandy, of Clyatt Station, on the Gainesville and Gulf, were among those who visited Gainesville yesterday. Mr. Clyatt states that, notwithstanding his section has been favored with some showers, the crops still need rain. The truckers have about finished shipping their products with the exception of watermelons.

George Taylor, superintendent of the Gainesville Peach Orchard Company at Palmer, is in the city. Mr. Taylor brought to the members of the Board of Control, with the compliments of the company, a crate of fine Angel peaches, which were as fine as were ever produced in the South. The Angel is an exceptionally fine variety, of a most delicious flavor, and were greatly enjoyed.

GLORIOUS FOURTH AT NORTH GAINESVILLE

Good People of That Burg Will Celebrate in Patriotic Manner.

BIG DINNER WILL BE SPREAD

The Day's Exercises Will be of an Athletic Nature, to Be Concluded in the Evening With Display of Fireworks. Mr. Weber Will Entertain.

The people of North Gainesville, ever mindful of the liberty they enjoy, wrested in 1776 from our Mother Country, will celebrate this day in a becoming manner in the Campbell Grove in North Gainesville, which will be decorated and fitted up with swings, booths, refreshment tables, etc.

There will be speaking and music appropriate to the occasion, after which there will be games and amusements too numerous to mention.

An old time dinner will be spread from well filled baskets, which will be furnished gratuitously by the participants.

There will be a grand exhibition of fireworks in the evening.

Aside from the purchase of fireworks by the people in general, Mr. Albert Weber, late of the City of New York, now a resident of North Gainesville, will have a display of fireworks purchased solely by himself from the Paine Manufacturing Company, 12 Park Place, New York. Mr. Weber also proposes to entertain his many friends with sandwiches, punch and music at his residence in North Gainesville at 7 p. m.

It may be understood that all lovers of liberty are cordially invited to meet North Gainesville friends.

SHOOT THE FOURTH.

The Gainesville Guards Will Give Prizes on That Day.

The Gainesville Guards is one of the companies of the Florida Militia that takes pride in keeping up in everything pertaining to the well disciplined soldier, and on the 4th of July will hold a meeting for target practice, at the new range one and a half miles east of the city, and if the weather permits the afternoon will be devoted to practice.

As an inducement to get out a large number of the boys and the best shots, three medals will be given as follows: First—to the best score at 200 yards; second—to the best score at 300 yards; third—to the one making the best score at all ranges.

The boys are anxious to get some crack shots in order that they can have a representative on the team that goes to Sea Girt for the National tournament.

Will Remove to Gainesville.

Having been attracted to Gainesville by its excellent school and religious facilities, Mrs. W. J. Carter of Tampa has removed to this city with her family, and will make her future home here.

Mrs. Carter has rented the Flewellen home, East Church street, from J. B. McDonald, and if she likes Gainesville as well as she believes she will, she will purchase the property outright.

This estimable lady and her family will be welcomed as residents of the city, and it is to be hoped they will continue to be pleased.

Put It at Gainesville.

S. H. Wienges of Gainesville, county clerk of Alachua county, was in town Tuesday in the interest of Gainesville as the location of the State University and secured many signatures to the individual petitions he was offering to our citizens, the big majority of whom seem to be in favor of Gainesville as the proper location for the University.—Palm Beach News.

J. F. Bunch has returned from Edgefield county, South Carolina, where he was summoned on account of the illness and death of his mother, Mrs. A. E. Bunch, which sad event occurred Saturday. Deceased was in her seventy-sixth year. She is survived by six sons and two daughters, all of whom are residents of South Carolina with this exception. Friends extend sympathy.

P. A. Pournell is in the city on a visit to his parents, Mr. and Mrs. A. M. Pournell. He has just returned from an extended visit to Texas, Oklahoma, New Mexico and other States, and was greatly improved by his trip. Mr. Pournell is a railroad conductor, and has been connected for several years with the Florida East Coast Railway, but will soon leave for Georgia, where he has accepted a similar position with the A. & B. Railroad. His old friends here are glad to welcome him again.
